Rohan Singh

Graphics Designer · Bhaktapur, Nepal · rohan.nandu358@gmail.com · rohan-singh.com.np · instagram.com/hultprizeatkhce · linkedin.com/in/rohansinghcodes

PROFILE

Graphics and UI designer who has run social media for many organisations in Nepal, designing the posts, event graphics and campaigns that go out under their names. I design in Figma, add motion, and build the finished thing in code, so what I hand over is ready to publish.

SKILLS

Graphics: social media posts and campaigns, event and poster design, branding and logo systems, layout and typography, photo editing

Tools: Figma, motion design, Remotion and GSAP for animated content

Also: UI/UX design, front-end development (React, Next.js, TypeScript), content planning and scheduling

DESIGN AND SOCIAL MEDIA EXPERIENCE

Hult Prize at Khwopa College of Engineering *Bhaktapur*

Social Media and Media Manager; Marketing Team Lead; now Campus Director

- Designed and ran the full Instagram presence (@hultprizeatkhce): event posters, announcements, recruitment calls and campaign graphics.
- Kept one visual identity across every post, story and event, working inside the global Hult Prize brand.

Hult Prize Nepal (national page) *2025 – 2026*

Graphic Designer, social media content

- Designed recent content for @hultprizenepal, a 990+ follower national page: team announcement cards, festival greetings such as Teej, and recruitment posters for the organising committee and national community coordinators.
- Produced graphics with QR codes and deadlines that had to be clear at a glance and ready to publish.

Social media for other organisations *2025 – 2026*

Designer and Content Manager

- Managed social media for further clubs, events and social organisations: graphics, captions and scheduling.

Rotaract, District 3292 / Rotary Club of Pashupati Kathmandu *2026*

Service Chair; Web Designer and Developer

- Designed the club's public website and brand presence, and built the tools so volunteers publish updates themselves.

Refill Enterprises Private Limited *2026*

Web Designer and Developer

- Designed and built the brand website for a clinical nutrition company.

Simblip, CoPaila and other product work *2026*

Designer and Engineer

- Designed interfaces, logos and interactive visuals for 40+ projects, several live with real users.

ACHIEVEMENTS

Finalist, NEA Energy Hackathon 9.0 at LOCUS 2026. Top 7 of 28 teams, UNESCO Hacking for a Carbon-Neutral Future 2026. Co-organised Vibe-a-thon, a five-day AI bootcamp.

EDUCATION

Khwopa College of Engineering *Bhaktapur, Nepal*

Bachelor of Engineering in Computer Engineering
